Mr Owen Paterson

Mr Mark Francois

Mr Steve Baker

Mr Marcus Fysh

That this House respects the will of the people of the United Kingdom of Great Britain and Northern Ireland as expressed in the referendum of 23 June 2016, on the highest turnout of the electorate for more than 20 years, after this House had passed the Bill leading to the European Union Referendum Act 2015 on 7 September 2015 by 326 votes to 53; recalls that this House authorised the Prime Minister to give notice of the UK's intention to withdraw from the European Union under Article 50 of the Treaty on European Union by passing the Bill leading to the European Union (Notification of Withdrawal) Act 2017 on 8 February 2017 by 494 votes to 122; re-affirms the decision to repeal the European Communities Act 1972 on exit day which this House took by passing the Bill leading to

the European Union (Withdrawal) Act 2018 on 17 January 2018 by 324 votes to 295; decides once again not to approve the Withdrawal Agreement and the Framework for the Future Relationship between the UK and the EU which were rejected by this House on 15 January 2019 by 432 votes to 202 and again on 12 March 2019 by 391 to 242; believes that manipulating standing orders to give precedence over Government business to backbench attempts to legislate on matters of such fundamental importance is unparliamentary and tends to the destruction of constitutional and accountable government; and, notwithstanding the Resolution of the House of 25 March, accordingly makes the following Standing Order-

'That the following be a Standing Order of the House (Entrenchment of constitutional and accountable government):

(1) This Standing Order may not be amended, repealed, suspended, disapplied or varied in its effect unless a motion to do so is passed without a division, or, if the motion is passed on a division, the number of members who vote in favour of the motion to do so is equal to or greater than two thirds of the number of seats in the House (including vacant seats).

(2) No Order may be made to amend, repeal, suspend, disapply or vary the effect of paragraph (1) of [Standing Order No. 14](#) (Arrangement of public business) which provides for Government business to have precedence at every sitting subject to the exceptions for Opposition days, backbench business and Private Members' Bills in the terms set out in that Standing Order.'

That this House –

(1) directs Her Majesty's Government to –

renegotiate the framework for the future relationship laid before the House on Monday 11 March 2019 with the title 'Political Declaration setting out the framework for the future relationship between the European Union and the United Kingdom' to provide that, on the conclusion of the Implementation Period and no later than 31 December 2020, the United Kingdom shall –

(a) accede to the European Free Trade Association (Efta) having negotiated a derogation from Article 56(3) of the Efta Agreement to allow UK participation in a comprehensive customs arrangement with the European Union,

(b) enter the Efta Pillar of the European Economic Area and thereby render operational the United Kingdom's continuing status as a party to the European Economic Area Agreement and continuing participation in the Single Market,

(c) enter a comprehensive customs arrangement including a common external tariff at least until alternative arrangements that maintain frictionless trade with the European Union and no hard border on the island of Ireland have been agreed with the European Union,

(d) conclude an agreement with the European Union, which in accordance with Article 2 of the Protocol on Ireland/Northern Ireland of the Withdrawal Agreement supersedes the Protocol on Ireland/Northern Ireland in full;

(e) develop and bring to this House proposals for full and fair enforcement of the rule that EEA migrants must be "genuinely seeking work" and have "sufficient resources not to become a burden on the UK's social assistance system", in accordance with the Immigration (European Economic Area) Regulations 2006;

(2) resolves to make support for the forthcoming European Union (Withdrawal Agreement) Bill conditional upon the inclusion of provisions for a Political Declaration revised in accordance with the provisions of this motion to be the legally binding negotiating mandate for Her Majesty's Government in the forthcoming negotiation of the future relationship between the United Kingdom and the European Union.

That this House recalls that this sovereign Parliament gave the choice about whether the UK should remain in, or leave, the European Union to the British people in the 2016 referendum, and that in the 2017 election 85 per cent of votes were cast for political parties which committed to abiding by that decision in their manifestos, and therefore reaffirms its commitment to honour the result of the referendum that the UK should leave the European Union.

That this House recognises the democratic duty of Parliament to respect the result of the 2016 referendum whilst securing an orderly departure from the EU that preserves the territorial integrity of the United Kingdom of Great Britain and Northern Ireland; notes that the UK is a signatory to the treaty establishing the European Economic Area and has not given notice to leave the EEA as is required under Article 127 of that agreement; further notes that the UK was a founding member of the European Free Trade Association in 1960 and therefore call on the Government to (a) assert its existing rights as a signatory to the EEA, (b) take necessary steps to make our rights and obligations as an EEA member operable on an emergency basis through the domestic courts, (c) apply to re-join EFTA at the earliest opportunity to make the EEA agreement operable on a sustainable basis and (d) decline to enter a customs union with the EU but seek agreement on new protocols relating to the Northern Ireland border and agri-food trade.
